

2nd Place

Project: Task Cleaner

Date: 09/28/2025

Dear Team Task Cleaner,

Congratulations to you and your team on earning Second Place at Temple University's OwlHacks 2025, held September 27–28, for the Next Frontier Health Machine Learning Track!

Next Frontier Health: “As tech pushes into new frontiers, so should healthcare. Build tools that pivot from the traditional data sets to machine learning/AI solutions to support physical or mental wellness. Develop next-gen health tech where it's needed most. Create innovative solutions that leverage AI and ML to transform healthcare delivery worldwide!”

Your project was scored on: Originality, Technical Complexity, Execution, and Presentation.

Thank you for your commitment and for contributing such impactful ideas to OwlHacks 2025. We look forward to seeing how your project continues to grow and make an impact in the community.

Sincerely,

Christine Kapp
